2 DESIGN LINES - 1000 POSSIBILITIES

Expanded product range for washroom accessories

WASHROOM
SYSTEMS

FRANKE

1.5

mm of stainless steel encases the STRATOS fixtures line and 0.8 mm the RODAN line. Material number 1.4301 (AISI 304) is used in accordance with DIN EN 10088. The formula 18/10 stands for 18% chromium and 10% nickel. This composition gives the material its particular characteristics.

HIGH-QUALITY MATERIAL

The use of stainless steel as the material of first choice for products in public and semi-public washrooms has become today's standard for good reasons. This material is robust and, easy to maintain, and therefore is very durable which makes the products economical over the life time of the building. Sanitary fixtures that inhibit vandalism and are easy to clean help building operators to keep service and maintenance costs to a minimum.

Stainless steel is not only resistant to moisture and most acids, it also stands out due to its hardness, durability, high tolerance of heat and cold, and hygienic characteristics. Dirt and oil can easily be washed from the smooth, pore-free surface. Scratches and gouges on faceplates loose their sharp edges quickly and blend in to the surface.

"Stainless steels contain at least 10.5% chromium (Cr) and no more than 1.2% carbon (C). They form a self-regenerating surface layer (passive layer) that gives the material its resistance to corrosion, thereby ensuring significantly improved characteristics compared to unalloyed steels. Franke uses steels with a higher chromium content and nickel as an additional alloy component for its sanitary fixtures. This combination further increases resistance to corrosion."
Source: Yasar Renkci, dipl. engineer metallurgy TU, Franke
HYGIENIC MATERIAL

Practical experience shows that using high-quality materials reduces the staining of products that helps to maintain the appearance of heavily used washrooms. Wash stations and accessories take on a hygienic atmosphere. Thanks to its durable and hygienic characteristics, stainless steel provides clean and, safe products for public washrooms.

Appropriate care products:
Brushes with natural or synthetic bristles, textiles made of chemical or natural fibres, microfibre cloths, non-woven plastic textiles, natural leather, sponge cloths, sponges, high-pressure cleaners, steam cleaners, etc. Toothpaste, household cleaners, window cleaners and natural cleaning agents such as vinegar water (20/80) are well suited for removing heavier stains.

The following cleaning agents and cloths can be purchased from Franke. Ask your specialist dealer.

Designation:	Item number:
Twister: Container incl. sponge	7612210034558
Multiclean: Cleaner	7612210031885
INOX cream: 250 g tube	7612210031878
Green microfiber cloth: for stainless steel	7612210031915
Blue microfiber cloth: for mirror	7612210031908

RECESSED OR WALL MOUNTING?
THE CHOICE IS YOURS

With wall-mount and recess-mount models, Franke products permit the greatest flexibility possible in washroom fixtures. Prevention of vandalism, cleaning efficiency and sustainability are increasingly discussed and requested for new washrooms in public, semi-public and commercial spaces.

Recessed mounting:
In addition to prominent product characteristics, there are other aspects to recess-mounted models: Flush mounting offers a reduced surface for wilful destruction and provides a space-saving solution in tight wash station areas and restrooms. Recessed mounting also minimizes cleaning time. An integrated mounting frame greatly simplifies the fitting to both drywall and solid construction frames.

Wall mounting
Special wall mounting brackets enable the installer to complete the installation quickly and securely. The RODAN line's universal hole patterns ensure great installation flexibility, especially when retrofitting the products.
ONE SYSTEM - ONE PARTNER

Franke Washroom Systems offers the possibility of custom combinations of state-of-the-art valve technology and timelessly elegant fixtures made of stainless steel and Miranit. The resulting solutions redefine both the design and operation of sanitary facilities.

WASHROOM: paper towel dispensers/waste bins, sensor flush valves, soap dispensers, self-closing taps, 3-person recessed wash basin
TOILET CABINES/URINAL CABINES: urinals, urinal partition, urinal flush valves, hook, toilet roll holder, toilet brush and brush holder, toilet with seat, flush plate, pictogram

HANDICAP-ACCESSIBLE TOILET CABINE: paper towel dispenser, waste bin, tilted mirror, wall-mounted grab bar, single wash basin, sensor operated tap, soap dispenser, side-mounted hand rail 135°, handicap-accessible toilet with seat, fold-up grab bar with flush actuator

Sample washroom: equipped with RODAN recess-mount products, Miranit multiple wash basin, self-closing taps, urinal flush valves, and urinals by Franke!

products with a new design ... that's what you'll find in the new RODAN sanitary line. With 100 years of experience in stainless steel, Franke Washroom Systems delivers coordinated solutions for public, semi-public and commercial sanitary facilities. Functional, high-quality, hygienic products offer professionals the appropriate solution for designing washrooms.

EXPERIENCE THE ADVANTAGES

The timeless design of RODAN stainless steel fixtures with their angular side profiles lends itself to the contemporary decor of heavily frequented washrooms and restrooms. These accessories open to planners and operators the possibility of economical, aesthetic design of customized washroom design.

0.8 mm of durable stainless steel

23 -liter capacity per waste bin

304 AISI stands for high-quality stainless steel (1.4301)

up to 600 paper towels per dispenser

2,000 soap pump operations possible per fill

1,250,000 tested soap pump operations without loss of function
Franke RODAN

Soap dispenser for wall mounting

Soap dispenser for wall mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, suitable for liquid soaps and lotions, 1 litre soap tank, push button on front, incl. stainless steel screws and dowels.

200x140x85 mm

**RODX619**   **7612210067198**

Soap dispenser for wall mounting

Soap dispenser for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, suitable for liquid soaps and lotions, 0.8 litre soap tank, plastic dispensing handle, incl. stainless steel screws and dowels.

116x321x143 mm

RODX618   **7612210067310**

### Touch-free soap and disinfectant dispenser for wall mounting

Touch-free soap and disinfectant dispenser for wall mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, infrared sensor for non-touch operation, LED indicates low-battery status, uses 6 x 1.5V (= 9V) AA alkaline batteries, suitable for liquid soaps, lotions, antiseptic soaps and disinfectants, 0.8-liter soap tank, dispenses 0.6 to 1.1 ml depending on soap, incl. stainless steel screws and dowels.

120x295x107 mm

RODX625   **Available beginning 06/2010**   **7612210067341**

Touch-free warm air hand dryer for wall mounting

Touch-free warm air hand dryer for wall mounting, stainless steel, surface satin finished, material thickness 1.2 mm, infrared sensor for non-touch operation, sensor range adjustable from 10 to 30 cm, cable and plug not included.

Connection voltage: 230 V, 50 Hz
Total power: 2200 W
Heater: 2100 W
Motor: 100 W motor with 2850 RPM
Air volume: 274 m³/h
Air velocity: 15.5 m/s

314x215x163 mm

Franke RODAN

Double toilet roll holder with spindle system for wall mounting

Double toilet roll holder with spindle system for wall mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, for 2 rolls with max. Ø 120 mm, second roll will be released after consumption of first roll, reserve roll not visible, incl. stainless steel screws and dowels.

144x301x138 mm

RODX672   **7612210067228**
Toilet brush holder for wall mounting

Toilet brush holder for wall mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front, closed cover to the front, lasered opening for brush, white nylon brush with flushing rim cleaner, withdrawal opening either left or right, depending on mounting, removable plastic drip tray, incl. stainless steel screws and dowels.

110x230x111 mm

**RODX687**   **7612210068621**
Soap dispenser for recessed mounting

Soap dispenser for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, suitable for liquid soaps and lotions, 1 litre soap tank, push button on front, incl. stainless steel screws and dowels.

241x243x86 mm

**RODX619E**   **7612210067204**

Soap dispenser for recessed mounting

Soap dispenser for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, suitable for liquid soaps and lotions, 0.8 litre soap tank, plastic dispensing handle, incl. stainless steel screws and dowels.

154x463x143 mm

**RODX618E**   **7612210067327**

Paper towel dispenser for recessed mounting

Paper towel dispenser for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, loading capacity 500 - 800 paper towels depending on convolution, incl. stainless steel screws and dowels.

324x513x112 mm

RODX600E   **7612210067099**
Franke RODAN

Waste bin for recessed mounting

Waste bin for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, rounded edges, cylinder lock with Franke standard key, approx. 23 litre capacity, mounting with in-wall frame, incl. stainless steel screws and dowels.

408x690x169 mm
RODX605E   **7612210067174**

Combination paper towel dispenser/waste bin for recessed mounting

Combination paper towel dispenser/waste bin for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, loading capacity 500 - 800 paper towels depending on brand and folding, waste bin with approx. 23 litre capacity, incl. stainless steel screws and dowels.

408x1145x169 mm

**RODX602E**   **7612210067143**

Paper towel dispenser for hidden mounting

Paper towel dispenser for hidden mounting behind wall and mirror, stainless steel, surface satin finished, material thickness 0.8 mm, capacity for 600 C-fold or 800 multifold paper towels, filling from bottom, incl. stainless steel screws and dowels.

342x464x113 mm

RODX600ME   **7612210067297**

Double toilet roll holder with spindle system for recessed mounting

Recessed double toilet roll holder with spindle system for recessed mounting, stainless steel, surface satin finished, material thickness 0.8 mm, flat front cover, cylinder lock with Franke standard key, for 2 rolls with max. Ø 120 mm, second roll will be released after consumption of first roll, reserve roll not visible, incl. stainless steel screws and dowels.

Surface with InoxPlus® technology

40

wall-mounted and recess-mounted products make up the well-known STRATOS. Effective immediately, the front surfaces of these products are being refined with the proven InoxPlus® technology. In this process, nanoparticles interlock with the molecules of the metal surface and nestle closely against microscopic imperfections. The resulting tight structure makes fingerprints almost invisible. The washroom stays clean longer, and cleaning is significantly easier.

YOU CAN RELY ON PROVEN DESIGN

The InoxPlus® surface refinement was first used in mass production in 2004 with the high-end Franke XINOX line. In recent years, the technology has proven its value and enjoys great popularity in hotels, administration buildings and even sports arenas worldwide.

1 surface-refinement process yields convenient cleaning
